SUMMARY

Lead front-end developer with 7+ years of experience and 50+ shipped applications, specializing in React, TypeScript, and modern JavaScript ecosystems. Proven track record leading development teams, architecting reusable component systems, and delivering high-quality interactive experiences across web, mobile, and TV platforms. Strong communicator who thrives in both collaborative and autonomous environments.

TECHNICAL SKILLS

Front end: TypeScript, React, Next.js, Redux, React Native, Vue, jQuery, HTML, and CSS3/SASS.

Back end: Node.js, PHP, GraphQL, ExpressJS, PostgreSQL, SQL, MongoDB, and Python.

Tools & Workflow: WordPress, Webpack, Git, Styled Components, Gulp, Electron, Apache Cordova, GitHub Actions, CircleCI, DigitalOcean.

EXPERIENCE

BAM DIGITAL

DEV TEAM LEAD: JANUARY 2022 - CURRENT

INTERMEDIATE DEVELOPER: MARCH 2020 - JANUARY 2022

JUNIOR FRONT END DEVELOPER: SEPTEMBER 2018 - MARCH 2020

Built and led the delivery of robust, interactive application experiences across web, mobile, and TV platforms - contributing both as an independent developer and as the lead of a cross-functional development team.

- Implemented pixel-perfect, responsive designs from Sketch, Zeplin, InVision, and Figma into production-ready React and TypeScript codebases.
- Integrated REST and third-party APIs to drive dynamic data experiences and extend application functionality.
- Modernized internal build tooling and workflows, keeping the codebase aligned with current industry standards and best practices.
- Developed highly interactive real estate sales centre applications for TV and iPad using Electron and Apache Cordova, featuring floorplan selectors, API-driven data displays, and immersive presentation experiences.
- Implemented WebSocket communication enabling real-time iPad-to-TV remote control for connected presentation systems.
- Built a reusable component library with Storybook, improving consistency and accelerating development velocity across multiple projects.
- Led new developer onboarding, established standardized setup documentation, and facilitated weekly team syncs to share knowledge and foster collaboration.
- Authored comprehensive internal documentation including process guides, troubleshooting resources, and development best practices.

FREELANCE WEB DEVELOPMENT

AUGUST 2018 - JANUARY 2019

Collaborated with a design and development team to deliver a large-scale, responsive WordPress website for an optometry client, with emphasis on clean WordPress architecture and strong user experience.

RED ACADEMY COMMUNITY PROJECT

MARCH 2018

Collaborated with a cross-disciplinary team to deliver a responsive custom WordPress website on an accelerated timeline for a local performing arts organization, integrating the WordPress REST API and Eventbrite API.

NORTHERN LIGHTS - LEAD SALESPERSON

FEBRUARY 2017 - JANUARY 2018

SHELL SHOCK - SUPERVISOR / SOCIAL MEDIA

JANUARY 2014 - OCTOBER 2016

FREELANCE WEB DESIGN AND DEVELOPMENT

JUNE 2014 - JANUARY 2015

Delivered end-to-end web design and development for independent clients, ranging from graphic design to fully functional, cross-browser websites built with HTML, CSS, and JavaScript.

TEAVANA - TEAM LEADER

NOVEMBER 2011 - JANUARY 2014

Consistently exceeded 100% of sales targets and ranked in the top 10 of North American sales, while taking on management responsibilities as shift lead.

EDUCATION

RED Academy - Full Stack Development Diploma - 2018

University of Alberta - Undergraduate studies in Computer Science - 2012-2014

West Vancouver Secondary School - Academic/Highlander Honour Roll - 2008-2012
